

Johnson County Numismatic Society

News Letter – February 2020

This month's meeting of JCNS will be fun.

We will have a basic introduction into grading, prior to the actual review of your coins and currency.

Following that, we are having a Table Grading Night. No we're not grading tables.

So what is Table Grading? We will have several tables, hopefully one for copper, silver, gold and currency, where you can bring in raw (uncertified) coins or currency, which as time permits, will be graded by multiple experienced collectors. Our goal is to help you understand what you have, maybe see some interesting coins or currency, and to have some fun doing it.

Not a member, that's not a problem, Non-members can join our club at our meeting for a \$10 fee.

The coins and currency graded will be put in protective flips and given an insert initialed by at least two reviewers showing grade and other conditions for your coin or currency.

If you have coins or currency that you don't know the grade or condition of, bring them in and we'll help you get a better idea of their value.

Two other issues to be discussed:

1. We have had an interest in a coin grading class, to be held outside of our meeting time.
2. The American Numismatic Association (ANA) Summer Seminars Scholarship

The American Numismatic Association (ANA) summer seminars in Colorado Springs, CO..

Session 1 June 27 - July 2, 2020

Session 2 July 4 - July 9, 2020

Our Scholarship is not a full reimbursement, but goes a long way toward covering your cost. If this sounds interesting take a look at (<https://www.money.org/summer-seminar>) .

This is our last call for Scholarship applications.

So, please join us on Thursday February 20th at 6:15 pm at the:

Olathe Community Center

1200 E Kansas City Road,

Olathe, KS 66061
